

High Park Station Easier Access

Public presentation

March 2023

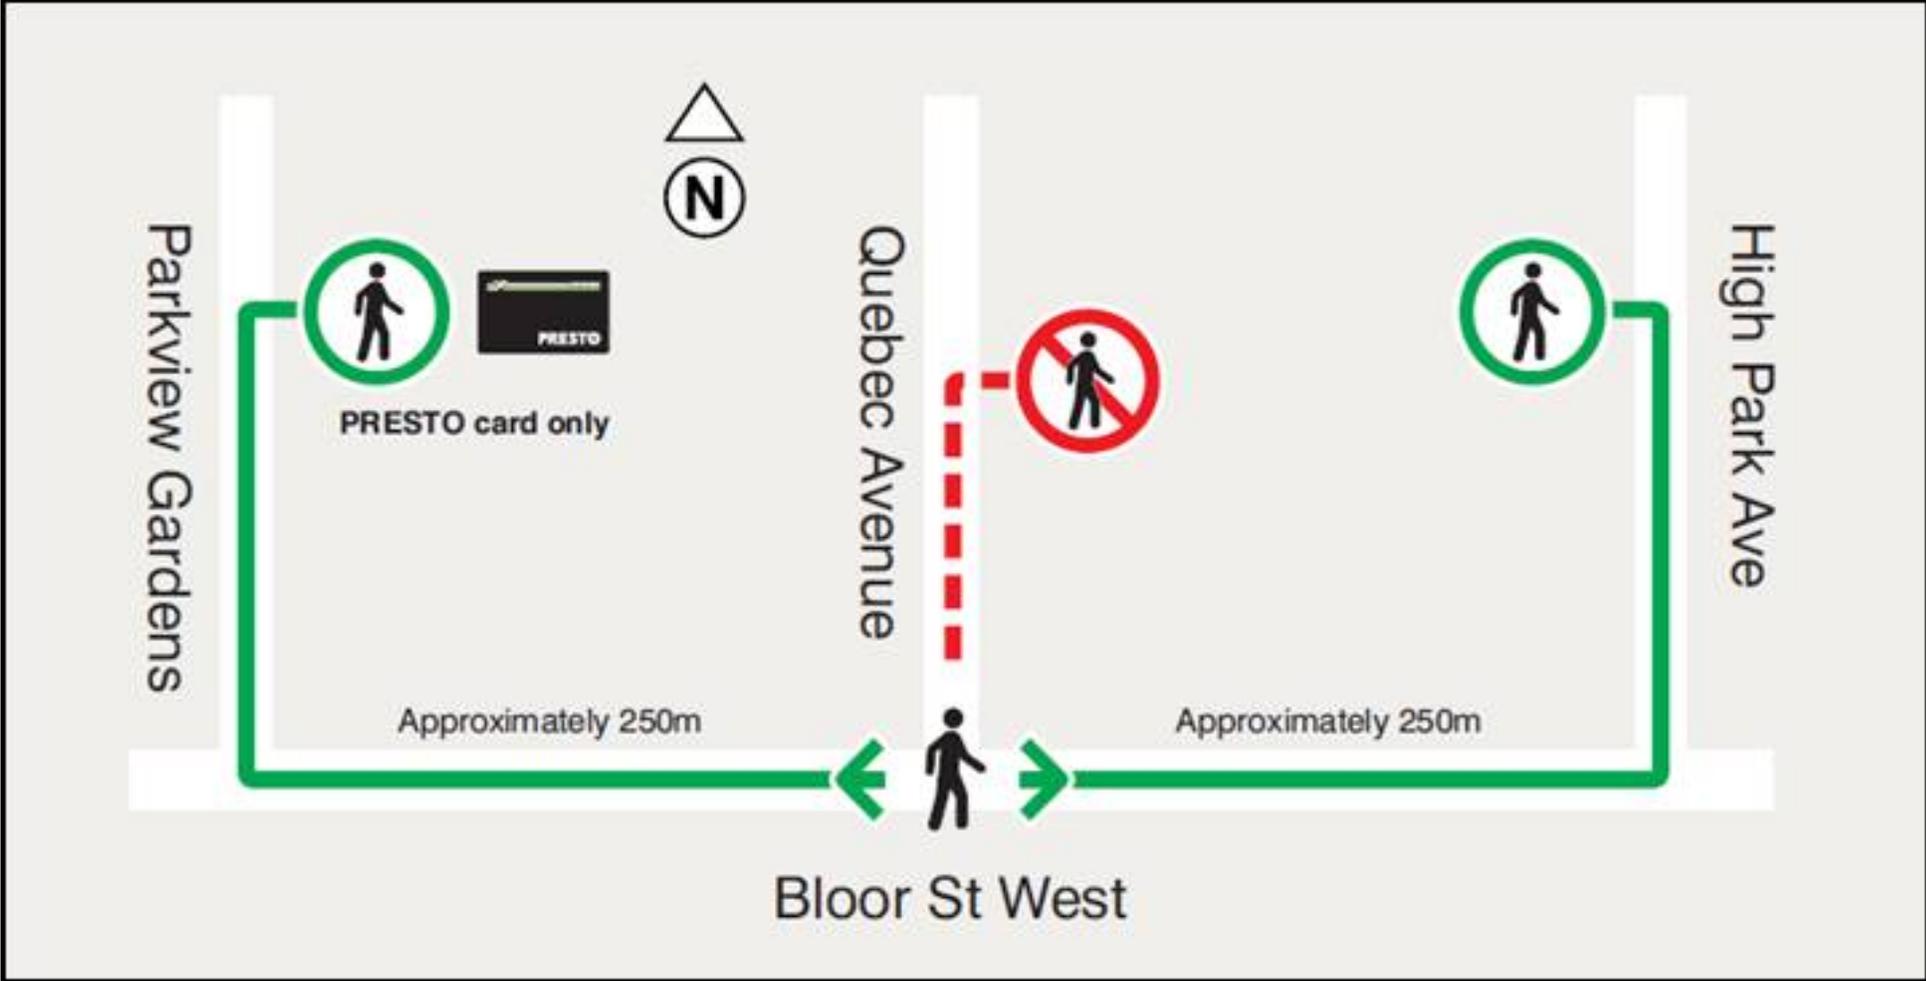

Before construction - High Park Station, Quebec Ave entrance

After construction - High Park Station, Quebec Ave entrance

Customers redirected to Parkview Gardens or High Park Avenue entrance until end of 2024

Project details

Expected timeline – June 2022 to Q4 2024*

During construction:

- Quebec Avenue entrance closed for duration of construction. All customers will be redirected to Parkview Gardens or High Park Avenue entrance
- Buses maintained inside the station, subway service maintained
- No Wi-Fi at street level, only at concourse and subway platform level
- Benches at street level relocated
- Bike racks on Quebec Avenue removed and restored at end of project. Bike parking on High Park Avenue maintained.

Project details

After project completion:

- Accessible station with two elevators – street to subway platform level
- New entrance structure on Quebec Avenue

Scope of work

Phase 1 and 2 will require a temporary lane reduction on Quebec Avenue.

Phase 1

- Duration: June 2022 – December 2022
- Scope: street level work involving service reconnections, maintenance holes, utility work, hoarding installation, preliminary caisson and shoring work, excavation

Phase 2

- Duration: December 2022 – Q4 2023
- Scope: caisson work, shoring, removal and demolition at street level, excavation of elevator shafts

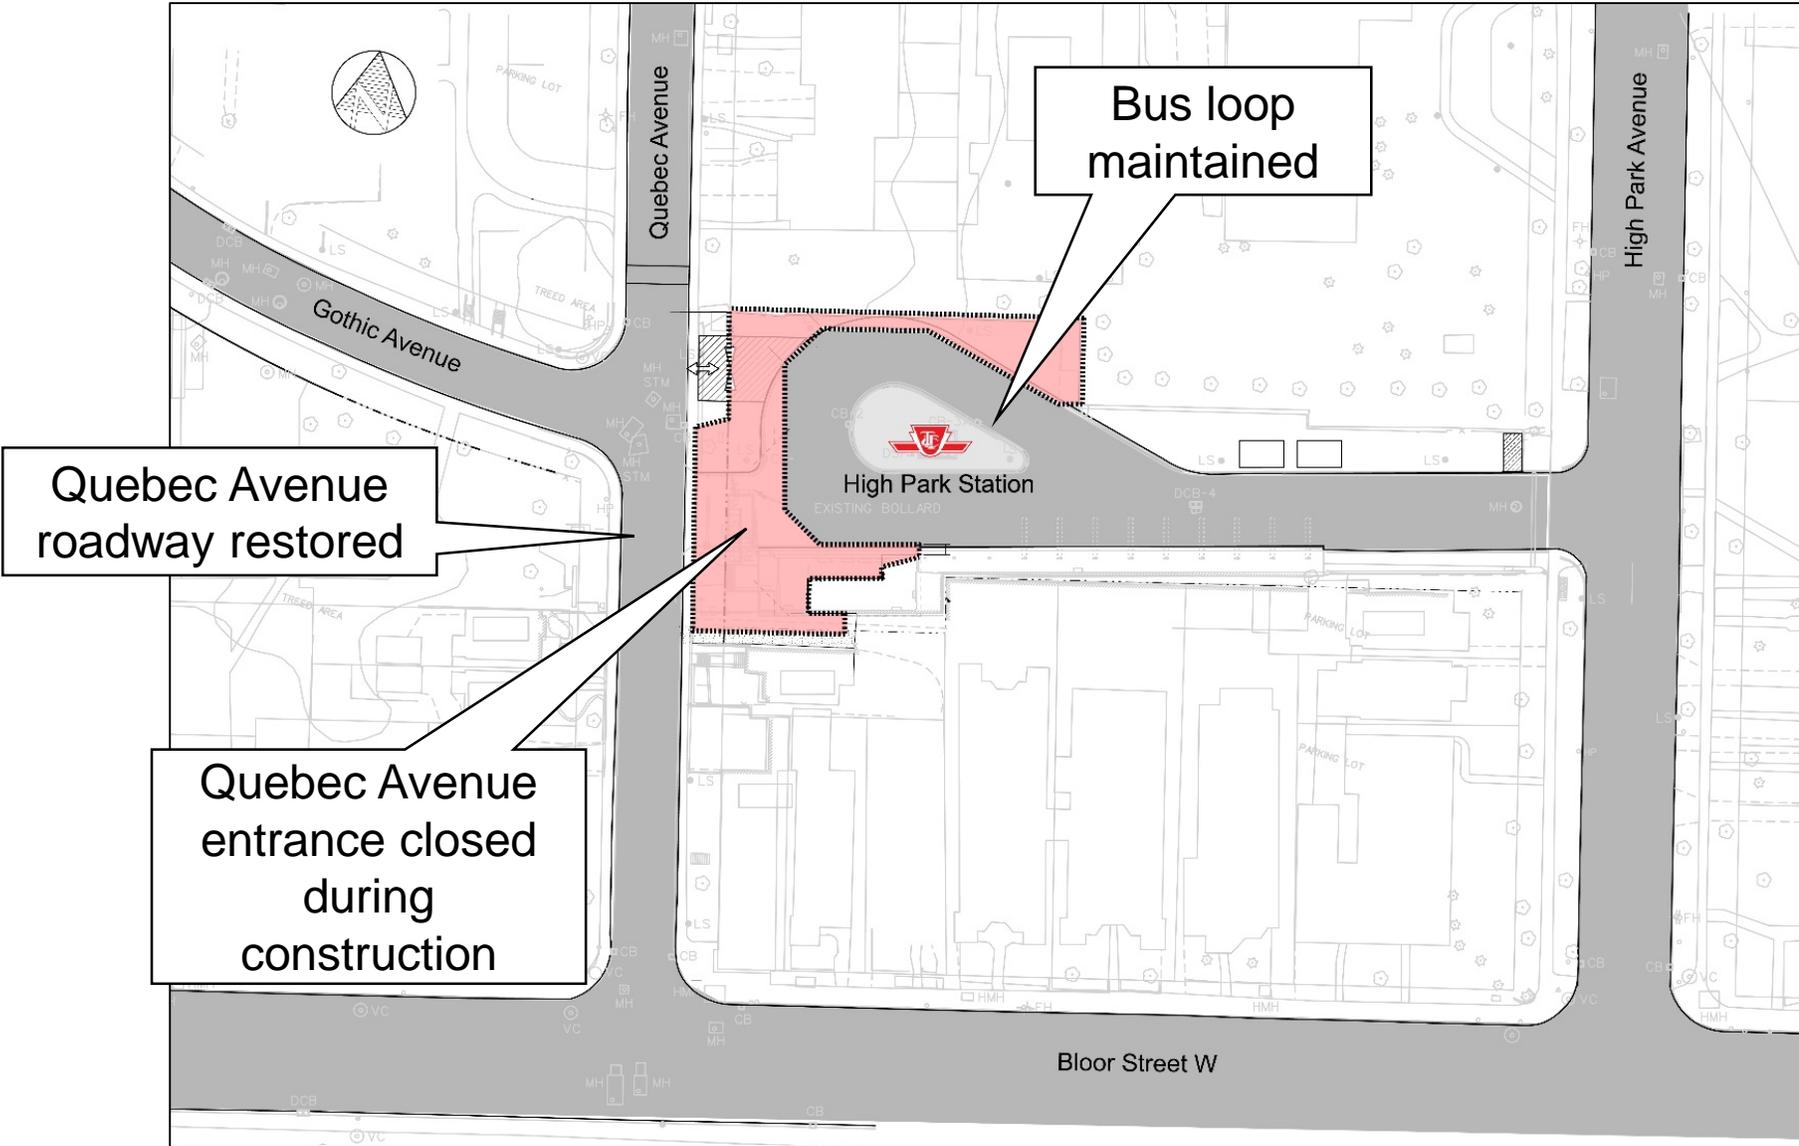

Scope of work

Phase 3 to 5

- Duration: Q4 2023 to Q4 2024
- All work within TTC property
- Scope: Elevator shaft construction, structural, electrical and mechanical work, restore area impacted by construction
- Quebec Avenue re-open to two-way traffic during these phases

Phase 3 to 5 – Q4 2023 to Q4 2024

*subject to weather and unforeseen events, content/timeline accurate at time of printing/posting

Construction Details and Transit Information:

- Major construction activities include shoring and excavation of elevator shafts
- Most work will take place from 7 a.m. to 7 p.m. Some work will occur overnight such as scaffolding installation and deliveries
- Efforts will be made to keep disruption associated with noise and dust to a minimum
- Access to stations and subway service will be maintained throughout construction
